The School Related Employee of the year program recognizes support personnel from each of our Marion County schools and district departments for the contributions they make to our school system. These dedicated professionals help educate our students, provide clean and safe schools, safely transport our students, provide hot and nutritious meals, and complete the paperwork needed to make our system function properly. Many of these employees work quietly behind the scenes to assure needs of all students, teachers, administrators, co-workers and parents.

For this reason, we celebrate them & hope you will consider being a part of the celebration.
